

## Hitachi VRF systems to Home Automation Application

The Hitachi VRF Application has been specially designed to allow bidirectional control and monitoring of Hitachi VRF systems from a Home Automation system.

The solution allows the integration of up to 64 indoor units from a single Interface.

### FEATURES

UL Listed.

Direct access to outdoor unit's communication bus.

Scan: Automatic identification of the units presents on the VRF system.

Outdoor unit's signals available for the integration.

Integration with any IP Home Automation System thanks to our open ASCII protocol.

Compatible with the drivers available at Intesis webpage.

Direct ethernet connection to the home's local IP network.

Up to 6 TCP clients (incoming sockets) are supported.

Configuration through IP or USB (Console) port.

Easy integration with Intesis MAPS.

Automatic updates for both Intesis MAPS and interface's firmware.

HITACHI

Home Automation

### Use Case

Integration of Hitachi VRF Air Conditioner units into a Home Automation installation

HITACHI

Home Automation

Drivers availables for:

### Description

#### DIRECT CONNECTION TO VRF OUTDOOR UNITS

The gateway is directly connected to the outdoor unit's communication bus and enables the control of all the indoor units connected to the system.

This allows not only the control and monitoring of the main AC functions but the access to some internal variables of the outdoor units.

#### SET UP BY INTESIS MAPS

The configuration is carried out using the Intesis MAPS software. This one allows you to define your own settings for the device and offers extra

functions available for all the new generation gateways. Thanks to the scan function, which allows to automatically discover all the units available in the installation, get the interface ready to work in a really short time.

Intesis MAPS makes it easy to identify any malfunction in the installations thanks to its robust diagnostic feature.

**ORDER CODES:**

IN770AIR00SO000	Intesis multi-brand AC interface with KNX, Serial and IP support - Up to 16 Indoor Units, 64 Outdoor Units
IN770AIR00MO000	Intesis multi-brand AC interface with KNX, Serial and IP support - Up to 64 Indoor Units, 64 Outdoor Units

The order code can differ depending on the product seller and the buyer's location.

→ For the older version, please click here to find the documentation

**INCLUDED COMPONENTS:**

- Intesis Gateway.
- Installation Manual.
- USB Configuration cable.
- (Power supply not included).

Warranty: 36 months.
