DISTECH CONTROLS

ECLYPSE Connected Thermostat

An intelligent thermostat that delivers a best-in-class user experience for your building portfolio

Bring life to your new or existing commercial office, educational facility or hospitality building

- **Commercial Office.** A Wi-Fi communicating rooftop and zone control solution with retrofit buildings in mind, requiring no new wires or gateways, helping to reduce installation costs while upgrading it with a modern user interface

- **Education.** An IP-based, networked solution with *Bluetooth*® connectivity allowing teachers to use the *my* PERSONIFY mobile app for added control over their teaching environment

- **Hospitality.** An IP-based fan coil and packaged terminal unit control solution with integrated REST APIs and *my* PERSONIFY mobile app delivering an enhanced, in-room guest experience

- **Multi-site Retail**. A programmable Wi-Fi communicating thermostat that lets retail associates focus on customers, thanks to developer tools that simplify integration and management from existing enterprise management systems.

- A contemporary design and interface that can help bring an existing building to life

- A versatile range of models available for a variety of applications in commercial office, hospitality, and educational facilities

- Leverage EC-*gfx*Program to customize control sequences for your specific application

- Develop unique solutions that leverage the built-in RESTful API such as a personalized mobile application or IoT system integration
